The National Scan on Public Coverage for Trans\* Health Procedures in Canada (the Scan) is produced by United Food and Commercial Workers Canada (UFCW Canada), in collaboration with the Canadian Professional Association for Transgender Health Care (CPATH). The Scan is the result of a national research initiative undertaken by UFCW Canada to identify the state of public coverage for medically necessary gender/transition related procedures.

These infographics present a high level overview and reference should be made to the companion executive summary and health care coverage spread sheet for more detailed information. The research data presented were obtained from a variety of sources deemed credible to the UFCW Canada and CPATH, including provincial and territorial ministries of health and health care providers. Although reasonable efforts have been made to present current and accurate information as of September 11, 2015, health care coverage is subject to change and the UFCW Canada and CPATH cannot guarantee the currency or accuracy of the information presented. In no event shall the UFCW Canada and/or CPATH be responsible or liable, directly or indirectly, for any damage or loss caused or alleged to be caused by or in connection with the Scan.
